Ultimate Tyres

Social Media Strategy

Our Approach to communicate our brand

- Don’t make the brand talk only about tyres (tyres being focused); make it talk also about keeping fleets performing.
- The social feed should establish Ultimate Tires as a **performance partner for Australian fleets**, not simply a tyre seller or service centre.
- Create a memorable property that people can remember, recognise, rely and relate.
- Speak the Australian language to relate, build trust and credibility.
- Create a strong brand identity via design for permanent brand recognition and recall.
- The creative copy will have word play, pun, different figure of speech etc to be appealing and intrigue the reader to create a certain perception.

Additionally,

- We will use trending hashtags, backlinks, communities, social sharing, CRM and many more to create a national level prominence.
- We will provide tips of how offline channel can help build followers and business.
- We will monitor the responses and conduct A/B testing, Context testing, Format testing, Sentiment analysis etc to enhance the performance.

CUSTOMER JOURNEY TOWARDS

ULTIMATE TYRES

Customer Stage	Objective	Post Zone
Awareness	To Establish Brand Purpose & Positioning	• Teasers • Introduction • Manifesto • USPs • Testimonials • Product portfolio • Moment marketing
Education	To Build Brand Trust	• Video • Blogs • Tips • General knowledge • Global market news
Engagement	To create Brand Interaction	• Contest • Games • Quiz • Offers • Polls
Enquiries	To create Brand Customer	• Sales • Lead forms • Clicks
Performance	To Create Brand Loyalty	• Referrals • Offers • Backlinks • Mentions

Note:
There can be overlap of few stages based on business objectives, target audience and response analysis.

POST ZONE REFERENCES

Awareness Stage - Teaser

The creatives are minimal with consistent brand color and strong copy. The visual connote and compliments the headline.
The creative will be further assisted with strong post copy above the creative on social media page.

Awareness Stage - Introduction

Education Stage - Tips

NOTE:
The creative is just for representational purpose. You need to enhance the look once your concept is finalised.

Education Stage - Polls

NOTE:
Engagement post captures leads that can be amplified with appropriate tricks and strategy to increase more followers that can be prospective customers.

Also, the kind of response helps us form future strategies.

Topical Post - On Halloween Day

NOTE:
Almost every post and communication is related to the tire industry, tire solutions and solving the customer problem.

This is the essence of our creatives that we connect all topics to our brand and maintain brand identity and credibility.

Our Property with Tagline

NOTE:
The property helps us better connect with people for educative and engagement initiative.
It gives platform for customers to interact for problems.

Logo will be enhanced, this if for concept approval.

Educational Post

NOTE:
This is just a representation for type of post.

Visual and detailing will change
Some will be in video format.
