RALSON

TIRES TREAD NEW PATHS

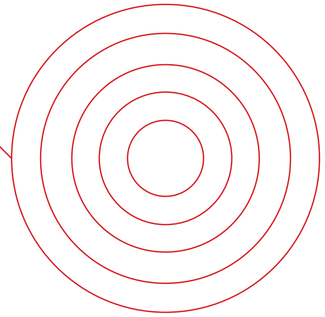

At Ralson, we strongly believe that a purposeful journey is a constant desire. The ever-enduring voyage of Ralson that began 48 years ago with bicycle tires has evolved beyond automotive tires and is now moving towards truck and bus radial tires. For nearly half a century we have forged our presence in over 70 countries, our global mission to make the best international standard tires. This tireless effort has made us the world's second largest producer of cycle tires and one of the fastest-growing automotive tire companies from India.

VISION

With a responsibility to deliver the highest quality tires and tubes, we have a responsibility to develop and innovate towards a sustainable and promising future of the industry as well. With an emphasis on green processes and ecologically friendly research and development, we at Ralson aspire to pave and tread the path towards a clean future.

MISSION

We aspire to deliver the finest ride experience to our customers, through the promise of our tires and tubes of unmatched quality. With a focus on innovation, we strive to become a globally trusted leader in the tire industry, while carrying out our corporate responsibilities towards society at large.
